Deloitte Corporate Finance LLC

Deloitte Corporate Finance LLC Advises Republic Wire, Inc. on its Sale to Nexans S.A.

Deloitte Corporate Finance LLC (DCF) acted as the exclusive financial advisor to Republic Wire, Inc. (Republic Wire, or the Company) on its sale to Nexans S.A. (Nexans).

Founded in 1982, Republic Wire is a US-based manufacturer of low-voltage copper and aluminum wire products, servicing electrical distributors, utilities, and municipalities across North America. Known for its focus on quality, service, and dependable supply, the Company manufactures a broad portfolio of wire solutions designed to support critical infrastructure and everyday electrical applications.

The acquisition of Republic Wire advances Nexans' US expansion by adding scale, channel access, and a stronger platform for growth in a large, high-demand market. The acquisition aims to enhance Nexans' broader North American footprint, expanding reach in residential, commercial, and data center segments and creates value through cross-selling, manufacturing capabilities, and operational synergies. "I take real comfort knowing the culture of respect, dedication and quality products we worked so hard to build will be in good hands as we move forward together. Our management team and I will remain actively involved going forward, and I couldn't be more proud of what we have built together or more excited about what this partnership will mean for everyone who calls Republic Wire home" said Republic Wire Chief Executive Officer Ron Rosenbeck.

Tony Blanchard, managing director at Deloitte Corporate Finance LLC, added, "Republic Wire has established a solid brand and reputation in the highly-attractive, fast-growing US low-voltage market. We are excited to see what this combination brings as long-term electrification tailwinds continue to drive end-market demand".

About Republic Wire

Headquartered in Cincinnati, Ohio, Republic Wire is a family-owned manufacturer of low-voltage copper wire products serving customers across the United States and Canada. The Company offers a diverse portfolio including bare copper, insulated building wire, weatherproof wire, and tinned copper products. The Company serves electrical distributors, utilities, and municipalities through an established sales and distribution network. Over more than four decades, Republic Wire has built a strong reputation for product
